Safeguarding

The best interests of the children and young people and their right to protection drives all decision making within the school. High standards are set across the school for all aspects of safeguarding, with pupils' safety and well-being central to all school practice. Information is shared with LCSB and LADO, working jointly with services involved in the protection and safety of young people. Training in safeguarding is given high priority; staff undertake a comprehensive range of training promoting commitment to a child centred approach to safety, with reference to Keeping Children Safe in Education. Staffing structures are designed so that safeguarding responsibilities are clearly defined and understood, with accountability clearly established.

Behaviour for Learning

At Hillingdon Grange School we understand that a young person on the autistic spectrum can use behaviours for a number of reasons, often as a result of poor social communication skills. Behaviour can be used as a way of expressing feelings of anxiety, low self-esteem or as a means to gain control over environment or their personal state. Within Hillingdon Grange School all staff are trained to approach behaviour as functional and communicative. We recognise that any intervention to manage or reduce behaviour needs to take into consideration the needs of the young person, and take place in a secure and sensitive environment that promotes respect.

Provision for pupils with Education Health and Care Plans

In order for a pupil with an EHCP to reach their full potential they must have their individual education and other needs recognised and supported. Hillingdon Grange School is a specialist school for autism supported by professional staff with a wide range of experience and expertise in autism and associated conditions.

Complaints

Hillingdon Grange School is committed to working in close partnership with parents in the provision of a high-quality education, within a secure and supportive environment. Whilst we strive to achieve the very best for the welfare and education of all pupils it is appreciated that there may be occasions when concerns may be raised regarding a young person's education or about a particular incident that happened at school. The school takes such expressions of concern seriously and will follow up on concerns courteously and promptly.

The school's Complaints Procedure is available on our website. This gives clear timescales for the management of any complaint.

EHC Plans

An initial draft of an EHC Plan will be formed with the school, parents of the child/young person and contributions given from the therapy team. Each child will be assessed individually with a detailed plan produced outlining the needs and requirements of each child. Once all parties are satisfied with the proposed EHC Plan it can then take effect.

The EHC Plan is shared with all members of staff who work with the child/young person. The EHC Plan will be reviewed at a minimum of once per year to continue to ensure that the service supports the specific needs of the individual. The regional director and Head of Teacher for the school are responsible for ensuring all staff are aware of the content of the EHC Plans.
